Suffern, NY 10901

May 28, 1999

Ms. Jane E. Henney, Commissioner  
US Food and Drug Administration  
Parklawn Building, Rm. 14-71  
5600 Fishers Lane  
Rockville, MD 20857

Dear Commissioner Henney:

I urge you to do all in your power to ban the use of medically useful antibiotics in animal feed.

This practice helps make bacteria resistant to those antibiotics. And, as you know, physicians will not be left with no way to treat life-threatening bacterial infections in humans.

Sincerely,

A handwritten signature in black ink that reads "Rich Korn". The signature is stylized with a large, sweeping "R" and a cursive "Korn".

Rich Korn
